

PROCIFISC THE SIZE OF YOUR DREAMS

PROCIFISC
ENGENHARIA & CONSULTADORIA

We are a company specialized in consulting, engineering and architecture. We provide services since 2006 in the construction area: Technical consultancy, project management, supervision, urbanizations studies, licensing, architecture and engineering projects, topography and management of construction sites, among others. We have a team of experienced and rigorous professionals who develop projects in areas such as Tourism, Health, Commerce, Industry and Housing.

COMPANY WITH MORE CERTIFICATIONS

We favor the innovation and rigour in the development of our projects with customized solutions for each customer. We are certified by 3 normative references: the Quality Management System (NP EN ISO 9001), Environmental Management System (NP EN ISO 14001) and the Research, Development and Innovation (NP 4457).

We are a company specializing in Property Valuation accredited by the CMVM.

BUSINESS RECOGNITION

We are an associate company of the CPLP Exporters Union and member of the COTEC Innovation SMEs Network. We are an associate company Chamber of Portuguese Chamber of Arabic Commerce and Industry.

OUR SERVICES

We are experts in putting in practice all the good ideas and present high quality projects with added value. We create a close and trusting relationship with our customers providing them innovative and competitive business strategies through the implementation of their projects.

We gather skills that allow us to be present at all stages of a venture life cycle (from pre-project phase to after-work monitoring), in areas such as Project, Consulting and Technical Supervision.
